## **PHILOSOPHY**

Come with us into a nurturing environment of learning, living, and loving the world God has created. In this environment we are seeking to create in each child's most formative years a desire to know, love and serve God. We do this by engaging in experiences with children and families to fulfill the spiritual, emotional, physical, social and intellectual needs, so, we will see children grow into strong, healthy, successful and godly individuals in their daily lives.
